To Whom It May Concern:

We are very happy to recommend Excalibur Technology as an excellent resource for comprehensive computer consulting. We have worked with several of the Excalibur consultants and are very impressed with their high-level of expertise, promptness in meeting our technology needs and in responding to our technical "emergencies". They have proved time and again that they are committed to Customer Service. Over the past year Excalibur has worked on a diverse range of projects such as: network set-up, hardware and software upgrades, new software and technology integration (video conferencing), and in implementing an Internet access service that continues to save our company \$300-400 per month. Excalibur Technology has met all of our technology needs with professional, prompt and expert service.

My confidence remains high that Scott will keep Excalibur a "leading-edge" technology-consulting firm.

Sincerely,

Pamela J. Niedermcier
Director of Operations
